

Albury NEFR 2012 Program

Electric glider events for 2012 are the popular Limited Electric Glider, Radian Glider and the official FAI F5J event. Other popular fun events are retained. Come to the new, improved NEFR and enjoy less rushed range of events.

The program is flexible – there will be plenty of time for free flying. Bring your projects along and fly them when you can – the more the merrier. Join in this fun and social event! Fun flying will follow each scheduled event – for example, a 45 minute slot may have been allowed for an event but it may only take 20 minutes – so, the remaining 25 minutes will be available for fun flying.

There are four rules at this event:

1. You must have fun and enjoy the rally.
2. You must be a current member of the MAAA.
3. You must fly safely.
4. Event rules may be modified to comply with rule 1.

Note : This program is subject to change depending on entry levels and organisational needs – this version 8-1-12. Consult the AEFA web site for the latest version – www.aefanet.com
